THE STUDENT JOURNEY

01

Semester 1 • Build foundations

Choose your starting university: Savonia University of Applied Sciences (Finland) or FH JOANNEUM (Austria).

02

Semester 2 • Choose a specialisation

Continue your studies at PAR University of Applied Sciences (Croatia) or Mondragon Unibertsitatea (Spain).

03

Semester 3 • Research & practice

Complete your master's thesis and work-based learning at the selected thesis university.

The programme combines academic study with practical application and professional development.

“ *Tomorrow's organisations will need people who can turn sustainability ambitions into practical business solutions. That's the kind of expertise graduates should be building today.* ”

Jarkko Pellikka

Director, Industrial Collaboration, Nokia
